I am a self-motivated web developer who thrives at the intersection of creativity and code. I have a proficient understanding of web development and am using my skills to create both structurally sound websites and mobile applications. I am experienced in digital solutions mainly involving C#, SQL, Python, Google Antigravity, Windsurf, and React Native. I would be an employee you could count on to take initiative and work efficiently.

WORK-RELATED EXPERIENCE

Mobile App Developer for GroceryToGo, Magnolia, TX **January, 2026 – Present**

- Developed a collaborative grocery tracking ap utilizing React Native and NoSQL.
- Implemented authentication and voice-to-text transcription for ease of access.
